

Program of Study

The Program of Study is a written plan for completing a degree. Admitted students are required to file an approved "Program of Study" in the Graduate School **no later** than the completion of their first **nine (9) semester hours**. Programs may require Program of Study completion earlier. Completion of the Program of Study should involve consultation with the student's program coordinator. Because the Program of Study will be the basis of the graduation audit, any deviations that are made must have written approval from the student's program coordinator and department chairperson with course substitutions submitted to the Registrar's Office. An amended Program of Study must be submitted to the Graduate School.
